Grace valley college of Arts and Science

Projects

Book-Hub

I initiated and managed a Book Hub project, creating a website for book enthusiasts. Users can seamlessly upload, manage, and purchase books, enhancing their overall engagement and experience within the literary community.

Technology used in the project

React, Node JS, Express, MongoDB, JWT, Context API

Git Repo : <https://github.com/Akhilpk22/project-hub.git>

Projects fair- A platform managing projects.

Project Fair" is an interactive platform I developed to empower users to showcase their projects. The platform allows users to seamlessly upload, manage, and share their projects with a community

Technology used in the project

React, Node JS, MongoDB, JWT, Context API

git Repo: <https://github.com/Akhilpk22/project-hub.git>
